

Franni Price, Controller

Ms. Franni Price started her career with MAR in May 1977 in the accounting department in Rockville, Maryland. In 1984, Ms. Price transferred to the MAR Ft. Lauderdale, Florida office to run a satellite accounting department which supported the MAR Marine Division. Ms. Price transferred to the Engineering Division in 1988 to provide support with project cost accounting and administrative tasks for the TATEF contract, a large contract managed through a joint venture between MAR and BAE Systems. In July 2000, Ms. Price returned to the Rockville office to assist in contract closeouts and other related accounting tasks.

In her current role as Treasurer and Controller, she oversees all activities related to budgeting, proposal pricing, monthly financial reporting, accounts receivable, payroll, and accounts payable. Ms. Price also maintains the Division's banking relationship and works with external government and Division hired auditors and tax accountants to ensure sound accounting and reporting practices. In addition, Ms. Price oversees the final costing for proposals generated by the Division in response to Government issued Requests for Proposals. She regularly interfaces with senior and project management regarding all financial matters.
